Steve:

It is my understanding from talking with Remedial Project Manager, Raphael Casanova, that there seem to be several that are interested in talking. Additionally, he indicated that we have not got a response back from NORCO. Have a go day.

Thanks for the call about the Falcon refinery. I placed a call to Mike Ward and haven't heard from him yet. We developed proposals and report formats for the project but never got the green light to proceed. I'll let you know if I hear anything. Have you heard from any additional PRPs?
